We hereby certify that the information provided in this application for admission is true and complete. We recognize that false or misleading statements can result in either my/our child's withdrawal from Tri-city College Prep High School (TCP) or my/our child being denied admission.

Tri-city College Prep High School pledges to students and parents to provide a safe college preparatory learning environment. TCP will maintain and enforce policies that promote a safe, non-discriminatory, educational environment that is compliant with State and Federal laws pertaining to education and an educational facility. Furthermore, TCP promises to implement programs that promote the health, safety and welfare of students as well as provide opportunities for student involvement and development toward college preparation and productive citizenship.

Because TCP is attended through parental choice, it is highly encouraged that parents will attend at least one information meeting to learn the scope of education and opportunities that are available. Parents understand that a charter school specializes in one educational aspect or methodology and does not provide all that a district school does. Since parents are voluntarily choosing TCP it is expected that should the parent or student at any time feel that TCP's programs or its social or extracurricular environment is not working for their child, the parent may withdraw their child rather than cause conflict which is disruptive to the educational environment.

When a child is selected by lottery/waiting list, copies of all current court orders/custody papers must be included in the enrollment packet.

Having read and discussed this material, we believe that Tri-city College Prep High School presents an excellent opportunity, we wish to continue with the registration process.
