

Asbestos Free Notification

AHERA 40 CFR Part 763-Asbestos Contamination Materials in Schools requires notification to inform building occupants about inspections, response actions and post-response action activities at each K-12 school.

Tri-City College Prep High School has been certified to be asbestos free, however the EPA requires an asbestos Management Plan (MP). The MP is available for review at the administrative office of the campus. If you have questions please contact Mary Ellen Halvorson at (928) 777-0403.
